OBJECTIVE

Versatile and results-driven developer with a track record of delivering high-quality solutions. Collaborative team player who balances technical excellence with business needs, adapts quickly to challenges, and is committed to continuous learning and long-term success.

WORK EXPERIENCE

- CompRSA, Port Elizabeth

Senior Software Developer

Apr 2024 - Present

- Developed web and desktop applications using .NET (8/9), Angular, and Electron.

- Built scalable microservices and REST APIs with SQL Server, Redis, CosmosDB, and Docker.

- Implemented Azure cloud infrastructure and CI/CD pipelines with DevOps and Kubernetes.

- Delivered responsive frontends with Angular 17, TypeScript, and modern UI frameworks.
- Spec-Savers, Port Elizabeth

Junior Software Developer

Jan 2023 - Apr 2024

- Used C# to develop features used in 270+ stores nationwide.

- Used Jira to track tasks and times.

- Implemented the use of Google Analytics & Tag Manager.

- Used Azure DevOps to commit and roll out feature updates.
- SmartLegal, Port Elizabeth

IT Support

Sep 2019 - Jan 2023

- Designed websites using the "duda" website builder.

- Managed online hosting platforms (emails, domains, etc.).

- Managed office devices (Laptops, Printers, Internet, etc.).

- Used "Zapier" to automate workflows within the office.

EDUCATION

- Varsity College, Port Elizabeth
